As the largest bilateral economic organization with offices in Bucharest and Cluj, AHK Romania wants to leverage on the business opportunities in the Republic of Moldova and make them accessible to the Romanian-German business community. The AHK Romania Competence Centre provides information about the Republic of Moldova as investment location to all interested companies, organizes business events and business delegations and maintains close relations with partner organizations in Germany, Romania and the Republic of Moldova. We are convinced that in this way we strengthen the relations between companies from Romania, the Republic of Moldova and Germany in a trilateral sense, thus making a valuable contribution to dynamic and sustainable economic development in the countries involved.
